

## Ästhetische Grundbegriffe (ÄGB): historisches Wörterbuch in sieben Bänden

(Concepts in Aesthetics: a seven-volume historical dictionary)

Organized around important concepts related to aesthetics, this seven-volume German-language encyclopedia of aesthetics contains approximately 170 articles by renowned academics. Each article provides a thorough overview of aesthetic concepts from a European historical perspective. Coverage is from Antiquity to the present. Valuable to scholars and students in literature, culture studies, philosophy, and art history who want a quick yet thorough overview of aesthetics. An index volume allows for easy navigation.

Seven-volume set

Cost: \$1,115 (839.65 Euros)
