

SpecInfo on the Internet

This comprehensive collection of twenty-six electronic databases devoted to spectroscopy provides desktop access to some of the largest collections in mass spectrometry (MS), Nuclear Magnetic Resonance (NMR), and Infrared and near Infrared spectroscopy (IR). All of these resources together make this item one of the largest collections of spectroscopies in the world.

Database

Cost: \$27,500*

*Cost reflects a five year subscription, requested by the Libraries in order to ensure continuous access to the database. Please contact B.J. Johnston, Associate Dean of Collections and Departmental Libraries (bj.johnston@wustl.edu or 314-935-5468) for details.
